REVOLUTIONISTS ARE CROWING ABOVE RUSSIAN TROOPS

Two Regiments Are In Open Mutiny at Samara.

MUTINEERS CONTROL SITUATION

Formal Appeal to the Soldiers and Sailors at Odessa Continues—All the Disaffected Support the Empire in a Formal

St. Petersburg, July 7.—Dispatches received here from Samara state that two regiments, garrisoning that important provincial capital, have mutinied, and presented a series of political and service demands.

The officers promised to satisfy the mutineers demands if the mutineers would return to duty, but the men replied that they would be satisfied only with compliance with all of their demands.

The mutineers command the situation, and are indulging in excesses. The situation is complicated by the fact that at Samara the revolutionists are pushing a movement to proclaim a republic and make a general strike is declared, and may seize the present opportunity to further their aims.

The disorders among the soldiers and the sailors at Odessa and Sebastopol continue.

Regarding the reported rioting at Vladivostok has caused the Russian public, but the official circles, who control the press, will be liable to withhold the news of such conditions.

Rioting in Vladivostok.

London, July 7.—The correspondent of the Daily Telegraph of the Asiatic Steamship Company Colonia, which left Vladivostok on account of the disturbances, and which has arrived at Nagasaki, reports that all shops and offices in Vladivostok were closed by the strike, and that on June 30 thirty-eight of the rioters were arrested. Eight big cases of dynamite, Cossacks.

The correspondent states that the Russian volunteer steamer Kitai, laden with military stores, struck a mine in Golden bay and sank.

The conditions in Harbin in connection with the revolutionary movement. The correspondent further says, "Several hundred.

Lawyer Goes to Siberia.

St. Petersburg, July 7—Maria Spiridonovo, Chief of Police Luzhenoff-Kaiboy, was sent to Siberia as prisoners. Spectators at the station bade her keep up heart to which she replied: "I will soon be back."

London, July 7.—The reign of crime in Russia is so great here that they have decided to resign.

A few days ago as a measure of protection against assassination by the revolutionists the system of police was abandoned and the police were formed into parols for mutual protection against bomb-throwing. But this only made it easier for the terrorists to shoot them. The governor general when apprised of the decision of the police to resign, he announced to arrest those who failed to appear for duty.

Error is Discovered.

Washington, July 7.—The postoffice department has discovered that an error was made in making out a recent appointment of the postmaster at Dallas, Tex. B. A. Robinson has been appointed to succeed William A. Hall, who died about a year ago. The commission was erroneously issued in the name of O'Leary. Robinson held the office since the death of Hall, but had not been confirmed because of opposition from Senator Culberson.

Mutiny of Troops Ended.

Kronstadt, Trans-Caucasia, July 7.—The mutiny of troops here is ended. Fourteen officers have been killed.

MELROSE MENTION.

The Glorious Fourth Properly Celebrated—Local Mention.

Melrose, July 6.—Melrose did herself proud yesterday with its celebration of the national holiday. Bright and early the citizens began to decorate their homes and stores with flags and during the day most of the people wore small flags in their hats or buttonholes. The place chosen by the committee for the exercises was an excellent one and was located among the shade trees east of Baldwin's store, and a prettily decorated stage for the organ and speakers had been prepared.

The large audience was called to order by Mayor H. von Nozky and the fine program prepared for the day was much enjoyed. Where all are good it is hard to mention individuals, and thus was the case on this occasion.

The speakers were Rev. W. A. Julian, W. E. Baker, C. W. Baldwin, Rev. Moseley, Rev. Sistrunk and Mrs. Patterson, while recitations were given by the Misses Eva Priest, K. Mizell, M. McMillan, T. Yearwood and Celia Baldwin. Several patriotic songs were rendered by a fine quartet, the organist being Miss P. Grimes. A most pleasing sight was the "Weaving of the Flag," executed by twelve pretty little girls. It was very well done and deserves great credit. During the interval of the services, one of the most bountiful dinners ever served in Melrose was enjoyed by all. Ice cold lemonade was served free to all comers during the day.

Among the incidents not on the program was one of much interest to the farmers present. Some months ago Mr. C. P. Huffman received from France a few melon seeds, which he planted, and yesterday not only showed the audience three fine samples, but allowed them a taste around and promised to distribute seeds later to all applicants.

About two hundred people from far and near were present, and all were unanimous in saying how much they had enjoyed the day. The weather clerk was certainly good to Melrose, as the daily shower didn't arrive until late in the afternoon.

About 8 p. m. a very fine display of fireworks was set off, followed by a dance at the Huffman House.

The thanks of all are due to the members of the various committees, who worked to make this celebration a success, and they must feel rewarded by knowing that they accomplished their object.

Personals.

Mrs. E. M. King left today by the Mallory Steamship Line for her annual visit North.

Mr. A. L. McRae and daughter Flora, from Evinston, are visiting Mr. and Mrs. A. A. McRae. They brought with them a 50-pound watermelon, which was much appreciated by all who were fortunate to be on hand when it was cut.

Mrs. S. Coward is improving very nicely, much to the relief of her many friends.

F. H. Sutton gave a pleasant birthday party on Monday evening to twenty-four of his friends. Delicious ice cream and a variety of cakes were served during the evening.

Mid-Summer Clearing Sale.

In a half-page advertisement in this issue, The G. W. Hyde Company tells of its grand mid-summer clearing sale, which will be inaugurated and commence Thursday, July 12, and continue for ten days. This sale will embrace dry goods, ladies' ready-to-wear goods, men's and ladies' furnishings, as well as all kinds of household furnishings, and will eclipse anything in magnitude and value ever attempted in this section. It will pay prospective purchasers to wait until the opening of this great sale, as it will prove a money-saver to all who are wise.

Thaw's Mother Sails for Home.

London, July 7.—It is reported the mother of Harry Thaw sailed for her home Friday from Dover on the Hamburg-American line steamer Kaiserin Augusta Victoria. It is believed that the report is true, for even while

TERRIBLE FATE OF JIM CLIFTON

Seaboard Train Severed His Head From His Body.

WAS ASLEEP ON THE TRACK

Wheels Made a Clean Job, Cutting Off Head and Completely Stripping Body of Clothing—Hand Drawn From Ash Pan of Engine at Waldo.

The Sun of Thursday, the 5th inst., contained notice of a man who had been run over and killed by a northbound freight train of the Seaboard Air Line, one of his hands having been raked out of the ash-pan of the engine when the train reached Waldo.

The Ocala Star of the 6th inst. throws more light upon the incident, as follows:

"Jim Clifton, who lost his life Wednesday morning at Oak, by being run-over by a freight train, was brought to Marion county by P. R. Lester, when the latter began the sawmill business at Silver Springs some seven years ago. He was a sawyer by profession, and a good one. He was in the employ of Mr. McDowell of the Oak mill when he lost his life. He evidently laid down on the track with his head on a rail, as his head was severed from his body and part of his head was still in his hat. There was not a piece of clothing left on his body."

OFF TO THE COAST.

Jolly Party Will Take Two Weeks' Fishing Trip on Gulf.

A jolly party, comprising E. A. O'Neill, Benjamin Miller, Charles Pinkoson, J. Dudly Williams and Fred Hampton, will go to Cedar Key, from which point they expect to proceed by schooner down the coast on a two-weeks' fishing and hunting trip.

Mr. O'Neill, whom the boys style chief of ordnance, left Saturday to charter the boat and make all necessary arrangements. The remainder of the party expect to leave for Cedar Key today, and propose to go immediately aboard the craft.

The party anticipates the "biggest kind of a time," as well as big luck, and The Sun may have something of interest to say about them upon their return.

CONDITION IS PAINFUL.

Claude Scroggins Unable to Turn Over in Bed Since Accident.

Claude Scroggins, the roofer who fell from the roof of one of the dormitory buildings on Friday, has been unable to turn over in bed since being removed to the Odd Fellows' Sanitarium.

It is a miracle that Scroggins is even alive, as he fell a distance of between forty and forty-five feet. The man is in a more dangerous condition than was at first supposed, as it is said his back is injured, besides internal injuries. The physicians hope, however, by close attention to the case, to bring the victim through.

Mr. Scroggins takes his misfortune with unusual good nature.

A BIG BARBECUE.

Will be Held at Burnett's Lake on Wednesday, August 1.

The Sun has been requested to announce that a big barbecue will be held at Burnett's Lake on Wednesday, August 1, for the purpose of meeting with the Alachua County Cotton Association.

Every cotton association is cordially invited to send representatives. An invitation is also extended to the general public.

Two Boys Are Drowned.

Steubenville, Ohio, July 7.—Fred Breen, aged 12, and Earl Oliver, aged 10, son of Dr. J. A. Oliver, were drowned Friday while bathing in the Ohio river. The Breen boy got into a hole where instead of being contented [illegible]

A PAYING INVESTMENT.

An Extensive Advertiser Compliments The Sun on Results Obtained.

The following letter from the Baird Hardware Company proves that "The Sun do move" in Alachua county:

"Gainesville, Fla., July 7, 1906.

"Mr. H. H. McCreary,

"Editor Sun, City.

"Dear Sir: We are gratified with the results gained through our recent Range advertisement in your semi-weekly paper.

"Our idea of advertising is to make straight-forward statement of facts, and show up to advantage our goods, and why we can sell them cheaper than a foreign firm whose price must be high enough to pay them the $1,000 a month additional expense that they have in sending men and teams through the country.

"During the month of June, we bought and received three heavy carloads of stoves and ranges; two of these cars were Century Darlings, and we have one more car ordered now, which should come in time to keep up with the demand. This is conclusive proof that our advertisement was right, and that your paper reaches the purchasing public.

"From our customers, it would seem that The Sun goes into the home of the rich as well as the humble tillers of the soil.

"Purchases of the Century Ranges at $50 have been made by such citizens as J. J. Barr, F. G. Sampson, L. C. Gracy and a number of others. In fact, our sales of these have been made from Melrose in the East to Fannin in the West End.

"Summer is not the usual season to sell ranges, but it seems that a $50 price on an article the other fellow has to charge $70 for, when shown up through a first-class advertising medium, makes business, even out of season.

"We propose to use your pages again, and in doing so will follow our established custom of going straight at facts, with prices and goods that we are always prepared to guarantee.

"We are very truly yours,

Lochloosa Items.

Lochloosa, July 7.—Mrs. Mary Stanley and son, Ralph, returned to their home at Dania last Thursday after spending the Fourth with relatives here.

Mrs. Sherouse and son, Faus, are up spending awhile with relatives here.

Miss Anna Tompkins spent the Fourth with friends at Island Grove.

Will Barker, one of the most prominent pineapple men of Indian River, spent a few days here. He left Saturday for Lake Butler and Jacksonville.

Miss Emma McEwen, who has been staying at Ocala with her sister, Mrs. C. H. Shaw, is spending a few days with her parents, Mr. and Mrs. J. C. McEwen.

Mrs. C. H. Shaw passed through here a few days ago en route to Kentucky.

Moved to Jacksonville.

After a residence in this city of twenty-one years, Mr. and Mrs. Truss Denby left Saturday for Jacksonville, where they will make their future home.

It is with a great deal of regret that their numerous friends give them up, but wish them well in their new home.

Mrs. Denby has for several years conducted a music class here with great success. She has also acted as organist at Kavanaugh Methodist Church, and will perform the same function at the First Methodist Church in that city.

The best wishes of the entire community accompany Mr. and Mrs. Denby.

Has Not Offered Adjustment.

San Francisco, July 7.—The examiner says that the Australian-Phoenix, an old established insurance company of Vienna, Austria, has so far not offered to adjust a single loss now due

MANY LOSE LIVES IN CELEBRATION

Fifty One Lives Are Thrown Away.

3,351 CELEBRANTS WERE MAIMED

Almost One Thousand More Were In The Hospitals Thursday Swathed in Bandages Than on Day Following the Holiday Last Year.

Chicago, July 7.—Fifty-one lives thrown away and 3,551 celebrants maimed or injured, some of them fatally, is the record of this year's "glorious" Fourth as compiled by correspondents of the Tribune up to an early hour Friday.

The loss of life at least equals that of last year, when 59 persons were killed, while every record for the number of injured was broken.

Almost 1,000 more were in hospitals Thursday, swathed in bandages than on the day following the holiday last year.

That the death list will continue to grow for several days is indicated by a large number of injuries believed to be fatal.

Judge Fulton Shoots Parker.

Knoxville, Tenn., July 7.—Sam Parker, a young atorney, of Helenwood, Tenn., was shot and fatally wounded when he alighted from a Cincinnati Southern train at Helenwood Thursday evening by Judge J. E. Fulton, a prominent attorney and politician of Scott county. The cause of the tragedy is reported to be jealousy over a woman. Fulton used a shotgun in firing at Parker and a dangerous wound was inflicted in the abdomen. Fulton is under arrest. A special train is carrying a specialist from Somerset, Ky., to Parker's bedside. He is one of the best known college athletes of the south, having played for three years on the University of Tennessee baseball and football teams. Parker died Friday morning.

Life of Ministry Prolonged.

St. Petersburg, July 7.—The impossibility of forming a coalition ministry together with the show of strength developed by the government in the council of the empire (upper house) evidently has had the effect of temporarily prolonging the life of the Goremykin ministry and has also resulted in the postponement of the emperor's contemplated cruise in Finnish waters. In accordance with the decision of the peasant workmen's congress at Helsingfors, emissaries have been dispatched throughout Russia to instruct the peasant and proletariat organizations to continue their preparations for an armed uprising, but to await the signal from St. Petersburg.

Harrison Terrell Dead.

Washington, July 7.—Harrison Terrell, who became well known throughout the country, during the last years of the life of General Grant, as his faithful attendant and nurse in New York, and Mount McGregor, died here Thursday night. While on duty in the war department he fell and fractured his skull. Mr. Terrell's eldest son, Judge Robert H. Terrell, is a graduate of Harvard college, and is now at the head of the minor courts of the District of Columbia. His daughter is a teacher at Tuskegee.

Alfonso Sanctions Appointments.

Madrid, July 7.—King Alfonso has sanctioned the appointment of the foreign minister to succeed the cabinet headed by Morety, as follows: Minister of foreign affairs, Senor Gullon, minister of the interior, Bernabe Davila; minister of finance, Navarro Reverter; minister of public works, Garcia Prieto; minister of marine, Senor Alvarado; minister of justice, Count Romanones.

Fritz Schrudins Dead.

Washington, July 7.—Dr. H. C. Stiles, of the public health service, received notice Friday of the death at Cairo of Fritz Schrudins, of the Bu-

G. & G. EXTENSION NOW A SURE THING

Contractors Now in the Field, and Work Will Begin in Ten Days.

WILL BE RAPIDLY PUSHED

Grading Will Continue Uninterrupted to Southern Destination—Industrial Agents Will Exercise Every Effort to Bring People to Florida.

Actual preparations along the line of the proposed extension of the Gainesville and Gulf railroad southward from Fairfield to Tampa have begun, and within the next ten days, The Sun representative is assured by General Manager Adkinson, the work of grading will begin.

Mr. Adkinson stated Wednesday that the contractors are now in the field making all preliminary arrangements, while a large force of men is being gotten together. It is the intention to begin the grading not later than the middle of the present month, when the work will be pushed through as rapidly as possible.

The Gainesville and Gulf is now backed with men of energy, determination and capital, the three requisites which spell nothing but uninterrupted success in the project which will give Gainesville and Tampa direct communication.

Senator A. S. Mann, the land industrial agent of the road, is not only a hustler, but one of the most widely posted men on all matters pertaining to Florida, especially along the lines of the position to which he has been appointed, in the State. The line will be represented in the North by Julius Spanier, who has his headquarters in Chicago. Mr. Spanier proposes to exercise every energy in the matter of attracting people to Florida, and especially to that section traversed by the Gainesville and Gulf.

The management of this road proposes to go at the matter right, and Mr. Spanier states that the road proposes to spend about $10,000 in advertising the advantages of this section of Florida within the next year. He is now compiling, and will within the next few months have ready for distribution, a large number of handsome folders. This work will contain a complete and accurate description of the possibilities of Florida soil, and will be interspersed with handsome half-tone engravings.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

SUB-ROAD DISTRICT.

Petition Being Circulated Requesting That Election be Held.

Through the energy of A. O. Steenburg, who is a firm believer in good roads, a petition is being circulated and largely signed, requesting the Board of County Commissioners to call an election, the purpose of which shall be to obtain an expression from the people in the matter of establishing a sub-road district for Gainesville.

Mr. Steenburg is very enthusiastic on this subject, and judging from the number of names attached to the petition, he is not alone in the matter.

Old Chronic Sores.

As a dressing for old chronic sores there is nothing so good as Chamberlain's Salve. While it is advisable to heal old sores entirely, they should be kept in a good condition, for which this salve is especially valuable. For sale by all druggists.

MRS. COTTRELL'S WORK.

Cedar Key Woman Has Written Novel Which Is Being Generally Admired.

Among those who are destined to become famous as an authoress in Florida is Mrs. James L. Cottrell of Cedar Key, formerly of this city, where she was more familiarly known as Miss Minnie Creighton.

Miss Creighton was well known here as a young woman of unusual literary talent. She married Mr. Cottrell, a progressive citizen in the city by the Gulf, and later removed with him to that place.

Mrs. Cottrell has written and had published an interesting story in the form of a novel, the title of which is "Norton Harwood, or Knight of the Twentieth Century."

This story is full of good reason and eloquence, and has been read and commended by many of the leading authors of the country. The story is now in the hands of the publishers, and will meet a ready demand when placed before the reading public.

Mrs. Cottrell is a sister-in-law of Mrs. T. B. Ellis of this city.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

Picnic at Orange Springs.

Among the numerous picnics which were given on the Fourth of July, none were more enjoyable than that held at Orange Springs, near Hawthorn.

Orange Springs is favored by a most desirable and romantic location. The springs, which are noted for their curative powers, are surrounded by stately oaks, magnolias and other shade trees, making a most delightful spot for a picnic.

Upon this occasion there was a large attendance from many sections of both Alachua and Putnam counties, as the resort is near the county lines. A big dinner was served, and the day was passed in athletic games, dancing and bathing. It was an occasion long to be remembered by those present.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." AUDITOR'S REPORT

On the Condition of the Various Offices of Alachua County.

Tallahassee, Fla., June 29, 1906.

To His Excellency, Napoleon B. Broward, Governor, Tallahassee, Florida

Sir: I have the honor to report, that on the 3rd day of May, 1906, I concluded an examination of the offices of Alachua county towit: Clerk of the Circuit Court, Tax Collector, Treasurer, County Judge, Sheriff, Superintendent of Public Instruction and County Commissioners.

I find that the Clerk of the Circuit Court has on hand or has accounted for all tax sale certificates with which he is properly charged; that he has turned over to the County Treasurer all public monies which have come into his hands. That as County Auditor is keeping accounts with all county offices as required by law.

I find that the Tax Collector has collected and turned over to the County Treasurer all monies collected by him on tax rolls for 1901, 1902, 1903, 1904, and his accounts stand balanced, and I find that he has paid into county treasury all monies collected on roll for 1904-5.

The Sheriff has made prompt returns and paid into the County Treasurer all public monies collected by him, and his office is systematic and records satisfactory.

The office of the Superintendent of Public Instruction is thoroughly systematic and he is prompt in his reports, and all monies that have gone into that office during the time covered by my examination embracing a period of five years, have been paid into the County Treasurer.

The Treasurer accounted for all monies that came into his hands as County Treasurer, and on May 2nd, 1906, had on hand $54 469.06 distributed as follows:

General Fund	$13,158 29
Roads Fund	9,631 71
School Fund	9 416 66
F. & F. Fund	18,233 26
G. Warden Fund	670 50
S. T. D. Tax	3 358 64
	$54,469 06

The office of County Judge, I found all records neat and correctly kept.

I made a careful examination of the records of the Board of County Commissioners, and find that the board has been accustomed to apportion the money for road work to each district, and draw a warrant to the commissioner of each district in advance of the service performed and before it becomes a claim on the county, and the warrant does not issue to the person or persons performing the service, which action is not in conformity to the law, and I also find that in some instances mdse. has been supplied to the county by firms in which a commissioner has interest. I would respectfully call attention of the Board of County Commissioners to the case of Leinhart et al. vs. Burr and others recently decided by the Supreme Court and reported in Southern Reporter, and also to Chapter 5186, Laws of Florida. All of which is respectfully submitted. W. B. SADLER, Assistant State Auditor.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

The suggestion that the State pay the expense of primary elections is too absurd to receive the least consideration from people of ordinary intelligence.

President Roosevelt has declined the invitation to act as chairman of the committee to receive Col. W. J. Bryan on his arrival in New York from his trip around the world.

Congressman Frank Clark has bought a residence in Gainesville and will hereafter make that city his home. We had hoped the able Congressman might decide to make this city his home, but as he did not we can congratulate the University City on securing him and his estimable family as citizens.—Live Oak Democrat.

Hon. Joseph C. Sibley, the Pennsylvania Congressman, has established his winter home at St. Petersburg, where he will engage extensively in the cultivation of tropical fruits. He is one of the most widely known public men of the United States.

The Tampa Tribune intimated that Hon. R. W. Davis (Our Bob) who served the Second Congressional District so faithfully and efficiently for eight years, may be a candidate to succeed United States Senator Mallory. If the latter should not aspire to succeed himself no better man lives in Florida for the position than Col. Davis.

The Live Oak Democrat is advocating the passage of an ordinance prohibiting cattle running at large within the corporate limits. Certainly a town of the size and progressive spirit of Live Oak should enforce a prohibitive ordinance of this nature. We sympathize with Editor Sherwood, however, in this matter, for he will experience many "trials and tribulations" ere he accomplishes the task he has undertaken. Of all local issues involved, opposition to the cow grazing in your flower garden creates more enmity towards the editor from "old timers" than all others combined.

THE PATRICK CASE.

The remarkable pertinacity and skill with which Albert T. Patrick and his counsel have fought off the execution of a sentence of death pronounced four years ago for the murder of William Marsh Rice, the Texas millionaire, includes it among the causes celebres of criminal law. Against all probability, as the case appeared to stand, the application of his counsel on a writ of error has been granted by Justice Day, of the United States Supreme Court. A stay of execution is thus allowed till October, when the case will be finally heard. This is the fifth time that the indomitable courage of Patrick has caused the electric chair to recede from its impending clutch.

The case has passed through all the gates of appellant test, and probably no criminal controversy has ever been more thoroughly thrashed out. Recorder Goff calls attention to the fact that the courts have exercised the widest latitude in allowing the defendant recourse to testimony transcending the ordinary technical bounds. He stigmatizes the extraordinary medical experiments made to show that the condition of the corpus delicti might have been produced by the processes of embalming as "neither definite nor conclusive and that cannot be approved by critical science." To set aside the verdict of a jury on such testimony, he opines, would be an abuse of judical discretion, "a perversion rather than a promotion of justice." The highest court in the land has always been reluctant in the extreme to intervene in the criminal jurisdiction of State courts, but in this case a member of it has accepted ground to depart from its habitual practise.

The interesting fact in the Patrick case is that the criminal himself, who is a lawyer, has been his own most effective counsel. Had it not been for his wonderful ingenuity and his knowledge of all the resources of law, he would have been executed long since, as his counsel would have given up further effort in despair. It was he who appears to have suggested the points whereon the defense was originally based and on which it has been prolonged with such masterly skill. Since the notable criminal Ruloff, whose brilliancy of mind was the admiration of all who saw him up to the last moment of his life, in his calm devotion to scientific and linguistic research, no such striking embodiment of intellectual force has faced a criminal doom in this country. The professional ability of Patrick, however it may have been inspired in the dramatic finale of his practise by an exceptional inspiration, should have been sufficient to have exempted him from the temptation of crime by opening a vista of the high rewards of his profession. It is only another example of which the grisly record has not a few instances that intellectual caliber and culture, however supposedly luminous in forecasting the direst subjective consequences of crime, do not suffice to bar recourse to the worst experiments in human perversity.

UNLIMITED POWERS.

Referring to the recent action of the Trustees of the Internal Improvement Fund in selling a large body of land at private sale, on which the purchaser in a short time almost doubled his money, The Times-Union says:

"The fact that the Board of Internal Improvement can sell public lands at private sale for any price they see fit to charge is an additional reason for not passing the constitutional amendment which seeks to provide for the drainage of the Everglades and thereby place on the market three million acres of land.

"It is folly to give to this board, already having arbitrary power in the sale of land, further arbitrary powers in taxation drainage and irrigation. The board is already an anomaly in a Democratic government in being hedged about by no laws to prevent fraud or dishonesty. Its sphere of operations certainly should not be extended while it is surrounded by no safeguards to protect the people.

"As the law now stands this board enjoys the finest opportunities of graft of any set of men we could mention. If there has been no graft in connection with internal improvement lands in the past, it has been because honest men have always served on this board. As the law now stands, if there is no graft in the future it will be because honest men will always be chosen to serve on this board. What guarantee have we of this?

"The proposed drainage amendment would enlarge the powers and opportunities of this board and project it indefinitely into the future, for the amendment would give supervision over irrigation after every acre of Florida land had been drained, cleared and settled. It would perpetuate the power of taxation, for taxes could be imposed for irrigation under this amendment indefinitely.

"We do not think the people of Florida have ever been brought face to face with as vicious a piece of legislation as that which this amendment would enact, and we have enough faith in their intelligence to believe they will know how to act."

Jefferson county will soon be in the throes of a wet and dry election, provided the petition obtained by the liquor men is a legal one. The county commissioners will meet on July 11th to decide the matter. Jefferson has been a dry county for the past two years and the probability is that it will remain so. When Alachua county voted out liquor three years ago all kinds of dire prophecies were made by those favoring the open saloon, but they are now compelled to admit that Gainesville has made greater progress during the past three years than during a like period since 1886, and we do not believe the people of this city will ever again vote to go back to the open saloon.

Coming Examinations.

The Sun is requested by State Superintendent of Schools W. M. Holloway to announce that the next examinations for State, special and primary certificates will be held in Tallahassee and Gainesville, beginning on Tuesday, the 17th inst., and the continuing four days.

The railroad bill has been fashioned into a club for extorting favors from the railroads in the coming elections. It allows the roads to give free passes to every delegate to a political convention, and as the law does not take effect until after election every Senator, Congressman, and Cabinet officer can get a pass for this fall's campaign. If the roads don't give the passes the delegates will "vote according to the dictates of conscience"; and the passes will be forthcoming, and in all future legislation the roads will be "protected" as heretofore.

HOME COMFORT RANGE.

A Useful Household Article Which Is Meeting a Big Sale.

In another section of the paper will be found the advertisement of the Wrought Iron Range Company of St. Louis, manufacturers of the world-famous Home Comfort range.

This company is the largest manufacturer of ranges in the world, having a daily capacity of five hundred.

Their line comprises ranges for private families, hotels, restaurants, public institutions, dining cars, steamboats—and in fact everything for which a range could be used.

The Wrought Iron Range Company uses a different method of disposing of their wares than any other company. They employ thousands of men in all sections of the United States and Canada, supplying them with wagons and stock, and the soliciting is done by the house-to-house process.

The crew who have been making Gainesville their headquarters for the past two months is under supervision of Division Manager A. G. Reynolds. Mr. Reynolds stated that so far during the present season five carloads of ranges had been sold in this territory.

The Wrought Iron Range Company is by no means a stranger to the people of Florida. They have been canvassing the State for fifteen years, and have sold many a range in various sections, including Alachua county, all of which have given perfect satisfaction, as a few of the testimonials in the advertisement from responsible parties will testify.

It might be well to conclude with the statement that the Home Comfort range has been awarded many grand prizes and gold medals, and was the range receiving a grand prize at the Louisiana Purchase Exposition, St. Louis.

A Delightful Affair.

A delightful party was given by Miss May Williams at the home of her parents, Col. and Mrs. J. A. Williams, Cypress street, North Gainesville, Thursday evening, complimentary to her friends.

There was a large number present, and the evening was passed in games, vocal and instrumental music, etc., during which refreshments were served.

Those who were fortunate enough to be there are under obligations to the clever hostess for the pleasures of the evening.

HOME COMFORT RANGES

Josh Billings Said:

"I luv a rooster bekaws he ken krow, an' bekaws he has spurs to bak up his krow."

We claim that the Home Comfort is the best and most durable Range in the world, and here are the "spurs" to back up the claim:

THE ONLY GRAND PRIZE awarded by the Louisiana Purchase Exposition. Awarded by the group jury, approved by the department jury, affirmed by the supreme jury, and reaffirmed by the committee of five.

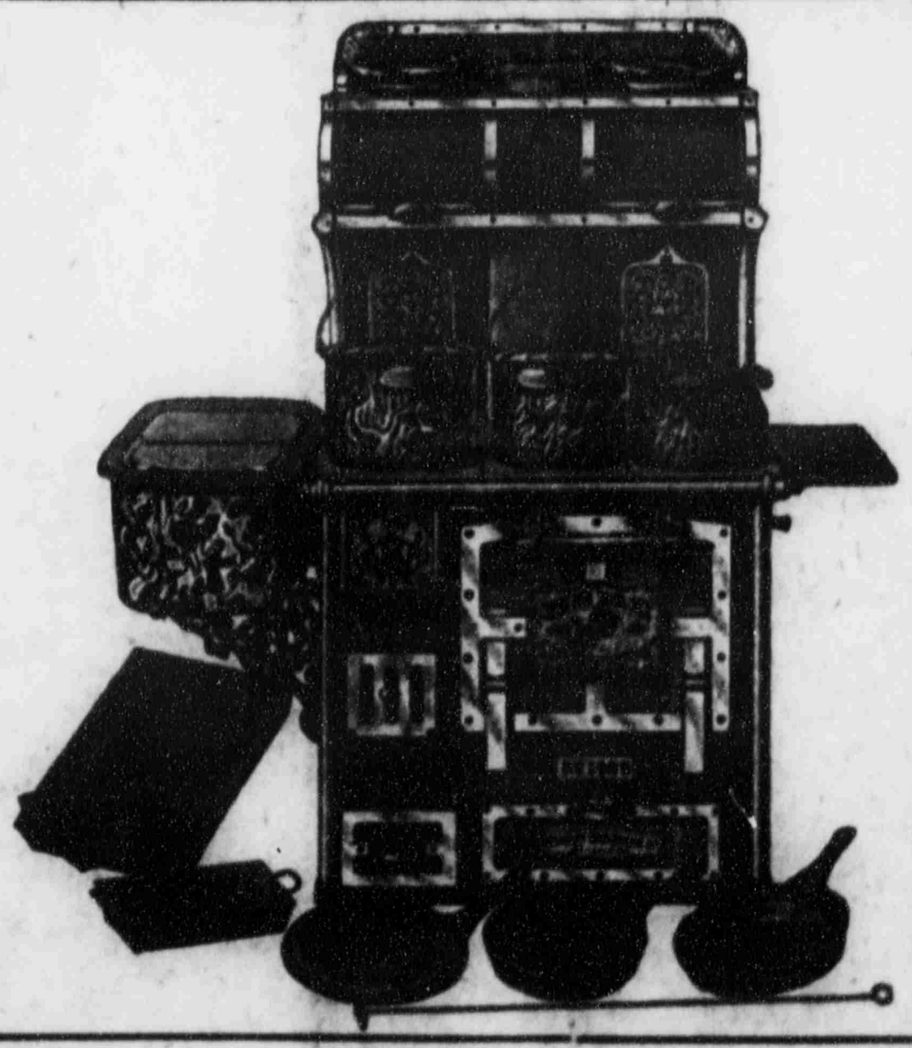
Wrought Iron Range Co., St. Louis, Mo.

Gentlemen: I have used the Home Comfort Range for years and they have given perfect satisfaction. I find that they are all that is claimed for them. I like them so much that I have just purchased a new one. That, I find to be far superior to any range I ever saw. I don't see what more could be added to their comfort, convenience and durability.

Yours truly, E. A. JOLLY.



What Prominent People Who Have Used the Home Comfort Ranges Say About Them:

Paradise, May 15, 1906.

To whom it may concern: This is to certify that I bought a Home Comfort Range from The Wrought Iron Range Company sixteen years ago, and have found it to be just as represented. It has been in constant use since I bought it and is as good today as when purchased, except the first joint of piping. This they replace free of charge. My range has at all times given perfect satisfaction, and is a great saver of fuel. If you buy one you will make no mistake. If my range had in any way given out I certainly would replace with another, as their salesmen are now in this county and the range they are now selling has great improvements over mine. W. A. STRICKLAND.

Ellaville, Fla.

I have used the Home Comfort Range for ten years and it is in good condition and has given perfect satisfaction. I think it will last eight or ten years longer. I would not have anything else. They have the right name—"Home Comfort." Anyone buying will certainly get full value for money spent. M. T. FARNELL.

I have used Home Comfort Range for twenty years. It has given perfect satisfaction. I have just purchased one of their Improved Ranges which I think a twenty-dollar better range than the one I have used. I would not be without one. They are the best ranges made. No one will make a mistake in buying one. It is worth the money. G. S. LEONESS.

EXCITING FALL OF UNIVERSITY ROOFER

Lost His Footing and Fell a Distance of Nearly Fifty Feet.

PICKED UP UNCONSCIOUS

Physicians Were Summoned and Man Removed to Odd Fellows' Sanitarium, Where it Was Discovered That Injuries Were Not Serious.

Claude Scroggins, a roofer employed at the University buildings, was the victim of an experience and an accident Friday morning which, only by a miracle, saved his life. He was so near the door of serious danger that if he had had the time to lend an ear he could have heard the hinges creak.

Scroggins is a member of the roofing gang, who are now engaged in placing the tiling on the roof of one of the big three-story dormitories. In some manner he lost his footing and slid over the eaves to the ground, a distance of between forty and forty-five feet. This accident occurred in the presence of a number of companions who were engaged with him on the job, but who were awe-stricken, and were powerless to assist him.

Scroggins fortunately fell clear, striking the ground in a position of about forty-five degrees, which was the only thing that saved his life, as his neck would certainly have been broken had he struck the ground headfirst. His friend rushed immediately to his assistance, and found him laying upon the ground in an unconscious condition. Superintendent Richardson at once summoned Dr. J. F. McKinstry, who had the unfortunate man removed to the Odd Fellows' Sanitarium. Here, assisted by Dr. J. Harrison Hodges, was administered the necessary attention.

The fall resulted in internal injuries, causing hemorrhage of the nose and ears, but a close examination by the physicians developed the fact that the injuries, while they will prove painful, are not necessarily of a serious nature.

After regaining consciousness Scroggins bore up well, actually joking to those about him. He will be incapacitated for several days, but no serious results are anticipated.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name ORINO and refuse substitutes. J. W. McCollum & Co.

THE MELON SEASON.

Has Been Unusually Profitable For Atlantic Coast Line.

The melon season, which will soon be coming to a close, it has been said has proved one of the largest and most successful known throughout the State for several years. The fruit, too, has as a rule been choice, and has realized good prices in all markets of the North, with few exceptions.

The season has been also most profitable to the railroad lines, the Atlantic Coast Line having to inaugurate increased service in the nature of special trains. All regular trains have also been heavy.

While no report has come from the other railroad companies, it is natural to suppose that the season was profitable to all.

The cantaloupe season is at an end. Watermelons have been moving lively for the past three weeks, and it is anticipated that this movement will continue until the latter part of the present month, with a gradual decrease to the end of the season.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the South and West. I always carry this remedy and have used it successfully on many occasions." THIS WAS "SOME CORN."

D. A. Albright Demonstrates What He Knows About Agriculture.

J. R. Matlick of Terre Alta, W. Va., a son-in-law of D. A. Albright of this city, has returned to his home, after a visit of a couple of weeks here.

Mr. Albright is also a West Virginian, coming from Terre Alta. When he left his native home about three years ago to come to Florida with the intention of starting a farm, his friends laughed at his "folly," telling him that he could not raise a stalk of corn in this State two feet high; but Mr. Albright was not discouraged, and came here, purchasing a small farm just beyond the limits of the city, in the cultivation of which he has been quite successful.

Just to show his West Virginia friends how badly mistaken they were in their prediction, Mr. Albright sent by Mr. Matlick a stalk of corn taken from his farm which measured eleven feet clear, and contained three well-matured ears. This was not the only eleven-foot stalk in the field, either, as Mr. Albright has quite a "patch" on his place, to say nothing of acres of other produce growing with the same prolificness. His West Virginia friends will probably be surprised when they see this, and Mr. Albright declares that he would not be surprised himself to see a number of them coming this way within the next few months.

BIG LUMBER FIRE AT SALISBEE.

Five Million Feet of Lumber Is Wiped Out.

Beaumont, Tex., July 6.—The Silsbee mills of the Kirby Lumber company, together with the yards containing 5,000,000 feet of lumber, and numerous buildings, were destroyed by fire which originated at 2:30 o'clock Wednesday afternoon and was still burning at midnight, though it is not thought that it will spread.

None of the property or shops of the Santa Fe railroad at this point are in danger, as the mill is a mile and a half distant.

The fire originated from a hot belt in the mill. The loss of lumber will reach $500,000, while the loss on the machinery will exceed $200,000. The property is amply insured, but the loss is great owing to the present high price and heavy demand for yellow pine. The Kirby Lumber company has suffered from a series of fires at its large mills the past year, three being destroyed and the loss aggregating over $2,000,000. Silsbee is a saw mill town of 3,000 people at the junction of two branches of the Santa Fe, and is one of the important shipping points on the line.

Your Liver

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. F——., Ft. Worth, Texas, writes: "Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine." Sold by W. M. Johnson.

Passenger Train Jumps Track.

Cleveland, O., July 6.—West-bound train No. 21, known as the Boston, Cleveland and St. Louis limited, on the Lake Shore and Michigan Southern railway, jumped the track while running at the rate of 50 miles an hour just east of this city Thursday. The entire train left the track and bumped along on the ties for a distance of 500 feet before being stopped. James Sullivan, a tramp, riding on the blind baggage, received probably fatal injuries. None of the passengers were injured.

Abraham Lincoln

Was a man who, against all odds, attained the highest honor a man could get in the United States. Ballard's Horehound Syrup has attained a place never equalled by any other like remedy. It is a sure cure for coughs, colds, bronchitis, influenza and all pulmonary dieases. Every mother should keep supplied with this wonderful cough medicine. Sold by W. M. Johnson.

Bialystok Mayor Dismissed.

Bialystok, Russia, July 6.—General Bogalevski, the temporary governor general of Bialystok, which is still under martial law, has dismissed the mayor because he refused to accept a petition from the inhabitants asking for the convocation of an extraordinary session of the town council to deny the truth of the report of General Bader, the former governor-general, on the recent massacre of Jews here. Twelve policemen have been indicted for participating in the rioting.

Frank L. Tenbroeck Dead.

New York, July 6.—Frank L. Tenbroeck, former mayor of Asbury Park, N. J., died at the West End hotel in Asbury Park Wednesday night from heart disease. Mr. Tenbroeck was one of the striking figures of the North New Jersey coast. Up to the time of the election of Jas. A. Bradley, "the founder," four years ago, he had been mayor of Asbury Park continuously since its incorporation. He was a lineal descendant of Direk Wessels Tenbroeck, who sailed from Holland in the ship Edith and landed in New York in 1638.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

SKIN DISEASES

ACNE, TETTER, ECZEMA, PSORIASIS, SALT RHEUM.

There is nothing more distressing than an itching, burning skin disease, and upon the return of warm weather those who are afflicted with skin troubles find the symptoms appearing and know that they will be tormented through the hot summer months. The blood is heated with humors and acrid matter, and as they are forced to the surface the skin seems to be on fire. The treatment of skin diseases with external applications is all wrong, because they do not reach the trouble which is in the blood. The most such treatment can be expected to do is, allay the itching and burning and cover up the trouble for awhile, but as soon as it is left off the disease returns.

All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for the making of blood, another for muscle, one for bone, still another for fat, and so on. After these different properties are extracted from the food there still remains a portion that is useless, or waste matter, which is intended to be disposed of through the natural channels of bodily waste, the Liver, Kidneys and Bowels. At this season of the year, however, these organs become torpid, dull and sluggish, and fail to perform this duty, and these accumulations remain in the system and are absorbed by the blood to ferment and sour, producing burning acids and acrid humors. The blood cannot properly nourish the system while in this impure condition, and begins to throw off these acids through the pores and glands of the skin, producing Acne, Eczema, Tetter, Psoriasis, Salt Rheum and skin diseases of every description.

THE ITCHING WAS ALMOST UNBEARABLE.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible; it would almost disappear at times, only to return worse than ever. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely, removing every blemish and pimple from my body. I shall not fail to recommend S. S. S. whenever an opportunity occurs to do so.

Escondido, Cal. L. MARNO.

EOZEMA appears usually with a slight redness of the skin, followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, arms, legs and face, though other parts of the body may be afflicted. In **TETTER** the skin dries, cracks and bleeds, and is often very painful. The acid in the blood dries up the natural oils of the skin, causing a dry, feverish, hardened condition and giving it a leathery appearance. **ACNE** makes its appearance on the face in the form of pimples and black-heads, and is particularly disagreeable because of its unsightly appearance, while **PSORIASIS,** a scaly disease, comes in patches on different parts of the body. One of the worst forms of skin disease is **SALT RHEUM.** It discharges a watery fluid, forming sores and producing intense itching. The head and face are the parts usually affected, and sometimes the hair falls out and a mass of sores forms on the scalp.

These and all skin diseases are due to the same cause—burning acids and humors in the blood, and until this vital fluid is cleansed and made pure they will continue. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable, being made entirely from roots, herbs and barks, and acts directly on the blood with a cleansing, healing effect. It neutralizes the acids and purifies the blood so that the skin, instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. It goes down into the circulation and forces out every particle of waste or foreign matter, builds up the blood and cures all skin diseases promptly and permanently. S. S. S. does not leave the least particle of the poison for future outbreaks, but entirely rids the blood of the cause for all skin diseases.

SSS

S. S. S. tones up the system and regulates the Liver, Kidneys and Bowels so that they will carry off the natural waste and refuse matter through the proper channels, instead of leaving it to be absorbed by the blood. Nothing equals S. S. S. in the treatment of these troubles and for building up the general health. Write for our treatise on skin diseases and any medical advice you wish. We make no charge for either.

Five New Witnesses.

Beattyville, Ky., July 6.—Archbiald Crawford, one of the special elisors sent out by Judge Dorsey to secure missing witnesses in the trial of former Judge Hargis and others on the charge of murdering J. B. Marcum, reported to the court on Thursday that he had returned with five witnesses. Among them is John White, a brother of Tom White, who is serving a life sentence at Frankfort for the murder of Mr. Marcum.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

J. U. Manning and daughters, Misses Ruby and May, have returned to Lakeland, after spending a few days with relatives here. They were accompanied upon their return by Mr. Manning's nephew, Percy Burney. Mr. Manning is well pleased with Lakeland, and has a great deal of confidence in the future of that town.

T. R. and H. A. Pickett of Newberry were among those who favored Gainesville with a visit yesterday. The latter was en route to Perry, Taylor county, where he will look after his immense property interests. Accompanied by his wife, he expects to visit Colorado Springs and other points of interest in the West, in a few days.

Wade and H. T. Thomas of Montecchs were trading in the city yesterday. They report that a picnic was held near the home of W. P. Davis, Montecchs, on the Fourth. The affair was largely attended, and the day was passed in a most enjoyable manner, dancing being the principal feature of the program. A big dinner was served, the ladies having provided many good things to eat.

Among the visitors to this city yesterday were Prof. J. N. Overhults and son, Bernard, of Keuka. They were accompanied on their return home by Masters Coy and Kelley Higginbotham, who will be their guests for a few days. Prof. Overhults, who is one of the most efficient teachers in Putnam county, expects to open a summer normal at Hawthorn on Monday. Indications point to the success of the school from a standpoint of attendance.
